Five ways become one – Jayway

We now simply call ourselves Jayway. As one company, we become more visible and distinct and we will be able to offer our clients an even stronger package. We are the same passionate experts working with the same intense commitment and we will continue to deliver the same first class services. You will meet the same people with the same courage and pride. And a new fish!

Like Jayway, the blowfish is unique. It swims fearlessly in unknown waters and is a rare delicacy – the best of its kind. On the surface Jayway's offer might not be rare, but the way we solve your problems is unique. Effectively, passionately, uncomplicated.
